PROFESSIONAL PROFILE

ACCA member with over four years of experience at Acuity across wholesale lending credit analysis and private markets portfolio monitoring. Assessed borrower liquidity, funding, cash flow, leverage and financial risk for a global systemically important bank, including selected NBFIs and broker-dealers. Experienced in financial modelling and scenario analysis, covenant monitoring, internal credit ratings, portfolio reporting and financial data quality. Led four-member cross-border teams and collaborated with international banking and investment stakeholders. Seeking to apply lender-side risk assessment expertise to independent liquidity risk oversight.

RELEVANT EXPERTISE

Liquidity and risk: Funding and liquidity assessment | Cash flow and balance sheet analysis | Financial institution credit risk | Capital adequacy | Financial modelling and scenario analysis | Credit ratings

Monitoring and governance: Covenant monitoring | Early warning indicators | Risk reporting | Data quality and validation | Financial statement analysis | Country-risk considerations | Cross-border coordination

Tools: Advanced Excel | S&P Capital IQ | Vantage | FINAN | eFront Insights | Portfolio Workspace

PROFESSIONAL EXPERIENCE - ACUITY ANALYTICS

Delivery Lead - Private Markets | Jul 2025 - Sep 2026

- Led a four-member cross-border team coordinating reporting quality and quarterly portfolio monitoring across 1,300+ investment funds and approximately 600 co-investments.
- Supported co-investment valuation monitoring by analysing LTM revenue, EBITDA, net debt, enterprise value and equity value; followed up with general partners (GPs) to clarify missing or inconsistent information.
- Investigated discrepancies between GP reports and portfolio systems, strengthened financial data validation and coordinated reporting issue resolution.

Delivery Lead - Lending Services | Apr 2024 - Jun 2025

- Led a four-member credit analysis team supporting a global systemically important bank; reviewed borrower assessments, internal ratings and credit reports for quality and on-time delivery.
- Assessed liquidity, funding, cash generation, leverage and debt-servicing capacity through financial statement analysis, modelling and scenario analysis.
- Applied internal rating frameworks to selected NBFIs, finance companies and broker-dealers, considering capital strength, asset quality, profitability, liquidity and parent support.
- Monitored 100+ lending exposures using covenant validation, financial risk indicators and early warning assessments; coordinated findings with international banking stakeholders.

Senior Associate - Lending Services | Apr 2022 - Mar 2024

- Prepared financial spreading, credit risk assessments, ratings and credit reviews supporting annual analysis of 400+ borrowers across international markets.
- Analysed liquidity, funding, cash flow and profitability across corporates, trade and commodity finance borrowers, selected financial institutions and project finance SPVs.
- Applied country-risk considerations, sovereign rating constraints and parent or government support adjustments where relevant to borrower ratings.
- Maintained monitoring trackers, investigated financial performance movements and contributed to credit documentation digitisation and reporting improvements.
